Understanding Your Zodiac Sign

Your zodiac sign is determined by the position of the sun in the sky at the moment of your birth. Each sign belongs to one of four elements (fire, earth, air, water) and one of three modalities (cardinal, fixed, mutable). These factors combine to create a unique astrological profile that influences our personality, strengths, and challenges.

By understanding your zodiac sign, you can gain valuable insights into:

- Your natural talents and abilities
- Your emotional and psychological makeup
- Your compatibility with others
- Your life's purpose and direction
